

Introducing the new
12mm Vandal Resistant Switches

Introducing the new 12mm Miniature Switch range

This latest addition to our Vandal Resistant Pushbutton switch range is the smallest of its kind and also one of the most durable. With a range of actuator options and long life expectancies, these robust IP67 rated switches are perfect for a variety of applications in demanding environments where reliability is of high importance.

Specs:

- Ratings up to 36VDC, 2A
- Momentary functionality
- Nickel-plated Brass, Stainless Steel, Zinc Aluminium and Chrome-plated body types available
- Dot and Ring LED Illumination variants available
- IP65, IP67 and IK08 rated options available
- Screw & Pin terminal types
- Operating Temperature: -25°C + 55°C (no freezing)
- Shock resistance: >10g

Why Choose Bulgin's Miniature Switch Range?

Compact and durable pushbuttons for equipment and devices where space is at a premium

A wide variety of actuator and body types available

Nickel-plated Brass, Stainless steel, Zinc Aluminium and Chrome body variants

Domed, Flush and Raised actuator options available in either stainless steel or PBT.

Dot and ring LED illuminated variants available

Long operating life (Guaranteed to 200,000 cycles)

Suitable for a range of security and industrial applications due to their robustness and sealed ratings.

IP65, IP67 (made to order) and IK08 rated

Applications:

Defence and Security
Door Entry Keypads
Security Alarm Systems
Military Display Systems

Commercial, Recreation & Leisure
Vending Machines
Interactive Kiosks
Ticket Dispensers
Drink Dispensing Machines
Digital Diving Cameras

Transport & Infrastructure
Elevators
Climate Control Systems

Scientific & Medical
Cryogen-free Refrigerators
Handheld Radiation Detection Equipment

Industrial
Air Cleaning Systems
Vacuum Packing Machines
Power Tools
Pressure Washers
Pipe Inspection Systems

Marine
On-board control systems
Lighting devices and equipment
