

Industry Applications.

Bulgin is widely recognised as a leading manufacturer of environmentally sealed connectors & components.

With 100 years of experience in the industry, Bulgin continues to innovate & develop products & services to cater for its global customer base across a variety of markets.

Automotive.

An ever growing population calls for more vehicles to fulfil transportation needs. The rise of autonomous cars & increasingly connected vehicles also means that reliable & high performance components have never been more important in the automotive industry. Luckily we have a wide range of solutions perfectly suited to the demanding challenges of this industry.

Automotive.

From automotive manufacturing & testing equipment to truck lighting & control panels for agricultural vehicles, our products are involved at every stage of a motor vehicles life cycle.

With a wide variety of products on offer including sealed connectors for power, signal & data, we can also produce bespoke custom solutions that combine switches, enclosures, PCB's & cable assemblies to meet the needs of demanding automotive applications.
