

# DX12LY024N Datasheet

Product Name // DX12LY024N 12mm Panel Cutout  
Diameter Vandal Resistant Indicator

 [View Product Page](#)

// Product Description:

- DX Series
  - 12mm Diameter
  - Solder Lug
- Yellow
  - 24V
  - Nickel Plated Brass

// General Information:

|                                  |                                                       |
|----------------------------------|-------------------------------------------------------|
| Product Display Title:           | 12mm Panel Cutout Diameter Vandal Resistant Indicator |
| Product Family:                  | Indicators                                            |
| Product Series:                  | Vandal Resistant Indicators                           |
| Bezel Finish:                    | Polished                                              |
| Body Colour:                     | Nickel                                                |
| Body Material:                   | Brass                                                 |
| Body Material Type:              | Metal                                                 |
| Diameter:                        | 13.5mm                                                |
| Dielectric Withstanding Voltage: | 1500V                                                 |
| Function:                        | Vandal Resistant Indicator                            |
| Illumination Colour:             | Yellow                                                |
| Illumination Voltage:            | 24V                                                   |
| Indicator Profile:               | Flat-round                                            |
| Insulation Resistance:           | ≥100MΩ(500VDC)                                        |
| Ip Rating:                       | IP67                                                  |
| Material Finish:                 | Nickel plated                                         |
| Max Operating Temperature:       | 55°C                                                  |
| Min Operating Temperature:       | -25°C                                                 |
| Max Panel Thickness:             | 6mm                                                   |
| Panel Cut Out:                   | 12mm Diameter circle                                  |
| Rohs Compliant:                  | Yes                                                   |
| Shock Resistance:                | IK06                                                  |
| Thread Size:                     | M12 x 1                                               |
