

# FX0455/S Datasheet

 [View Product Page](#)

**Product Name** // Fuseholder FX0454-FX0455 Range  
**Protection Category** PC2 Panel Mount D Panel Cutout High  
**Profile** Bezel Solder Tag Termination 5mm x 20mm Fuse  
**Screw Cap Carrier Screwdriver Release**

// **Product Description:**

- |                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

// **General Information:**

|                                 |                                               |
|---------------------------------|-----------------------------------------------|
| Product Display Title:          | Protection Category PC2 Touchproof Fuseholder |
| Product Family:                 | Fuseholders                                   |
| Product Series:                 | PC Mounting PC1, PC2 and PC3                  |
| Change Notes:                   | MK-009921-SL                                  |
| Approvals:                      | CSA, UL, VDE                                  |
| Body Material:                  | Polyester (PET)                               |
| Current Max:                    | 10A, 16A                                      |
| Flamability Rating:             | UL94V-0                                       |
| Function:                       | Pc2 Fuseholder                                |
| Fuseholder Mounting Hole:       | D Shape Mounting Hole                         |
| Fuseholder Protection Category: | PC2                                           |
| Fuse Carrier:                   | Screw Cap/Screwdriver Release                 |
| Fuse Size:                      | 5mm x 20mm                                    |
| Max Operating Temperature:      | +85°C                                         |
| Min Operating Temperature:      | -20~∞C                                        |
| Voltage Max:                    | 250V                                          |
