MP22SMRINRB012S5 Datasheet

Product Name // MP22SMRINRB012S5 Ring Illumination Vandal Resistant Switch

// Product Description: 0 0 MP22 Range Blue 0 0 SPDT 12V 0 0 Momentary Stainless Steel 0 IP65 Ring Illumination

// General Information: **Product Display Title:** Ring Illumination Vandal Resistant Switch **Product Family:** Switch Range **Product Series:** Vandal Resistant Switches Is Vitalis: No **Bezel Finish:** Machined **Body Colour:** Stainless Steel **Body Material:** Stainless Steel **Body Material Type:** Metal **Current Rating:** 5A 250V Diameter: 22mm Dielectric Withstanding Voltage: 1500V **Durability:** 50,000 Function: **Push Button Switch Illumination Colour:** Blue Illumination Shape: Ring Illumination Voltage: 12V Ip Rating: IP65 LED Lamp Type: Machined Material Finish: 55°C Max Operating Temperature: -25°C Min Operating Temperature: Max Panel Thickness: Operating Humidity: 45~85 RH(Non condensing) Panel Cut Out: 22mm Diameter circle **Rohs Compliant:** Stainless Steel Switch Body Colour: Switch Body Material: Stainless Steel **Switch Button Colour:** Stainless Steel Switch Button Material: Stainless Steel **Switch Circuit: SPDT** Switch Series: MP22 Switch Shape: Round Switch Type: Pushbutton Switching Type: Momentary Thread Size:
