Image not found or type unknown

// Product Description:

- No moving mechanical parts making them extremely durable
- Water and dustproof to IP68, IP69K
- Stainless Steel bodies (aluminum body available on request)
- 200mm Flying Leads
- Choice of 16mm, 19mm, 22mm diameter depending on part code
- 16mm diameter version available in choice of Flathead (part codes containing /F) or Guided Profile (part codes containing /G)
- 19mm, 22mm diameter versions also available with choice of Illumination depending on part code:
- /RD - Red, /GN - Green, /BL - Blue (red supply lead, black ground lead)
- /D1 - Red and Green (separate red and orange supply leads, black ground lead)
- All switches momentary action except 22mm diameter, Blue Illumination version (latching toggle action, part code suffixed /L)

// General Information:

Product Display Title:	A range of Piezo Switches
Product Family:	Switches
Product Series:	Piezo Switch
Change Notes:	PRODUCT-MOQ-ADJUSTMENT
Body Material:	SS 304
Current Max:	1A
Diameter:	22mm
Function:	Momentary Action
Illumination Colour:	Red
Illumination Shape:	Ring
Illumination Style:	Illuminated
Illumination Voltage:	24V
Ip Rating:	IP68, IP69K
Max Operating Temperature:	+85°C
Min Operating Temperature:	-40°C
Switch Type:	Illuminated Flathead Piezo Switch
Voltage Max:	24V
